# Sectoral Strategies and Action Plans

Within the framework of the UN / Sustainable Development Goals and the EU / Green Deal:

**Sustainable Economy  
Action Plan (2020)**

The goal of disseminating circular norms to all layers of the industry and supply chains has been set.

**Fit for 55 Package(2021)**

Collective arrangements in EU documents affecting sustainability in different sectors to reduce emissions by 55% by 2030.

**The New European  
Industrial Strategy (2021)**

EU envisages reaching the EU Green Deal goals by green transformation and digitalisation.

**EU Textile Ecosystem**

European Textile and apparel industry, while operating as the center of design and R&D, it outsources its Production in third Countries.

**«The EU Strategy for Sustainable and Circular Textiles» was announced on 30 March 2022.**

# Some Results from Tier-1 Maturity Assessment

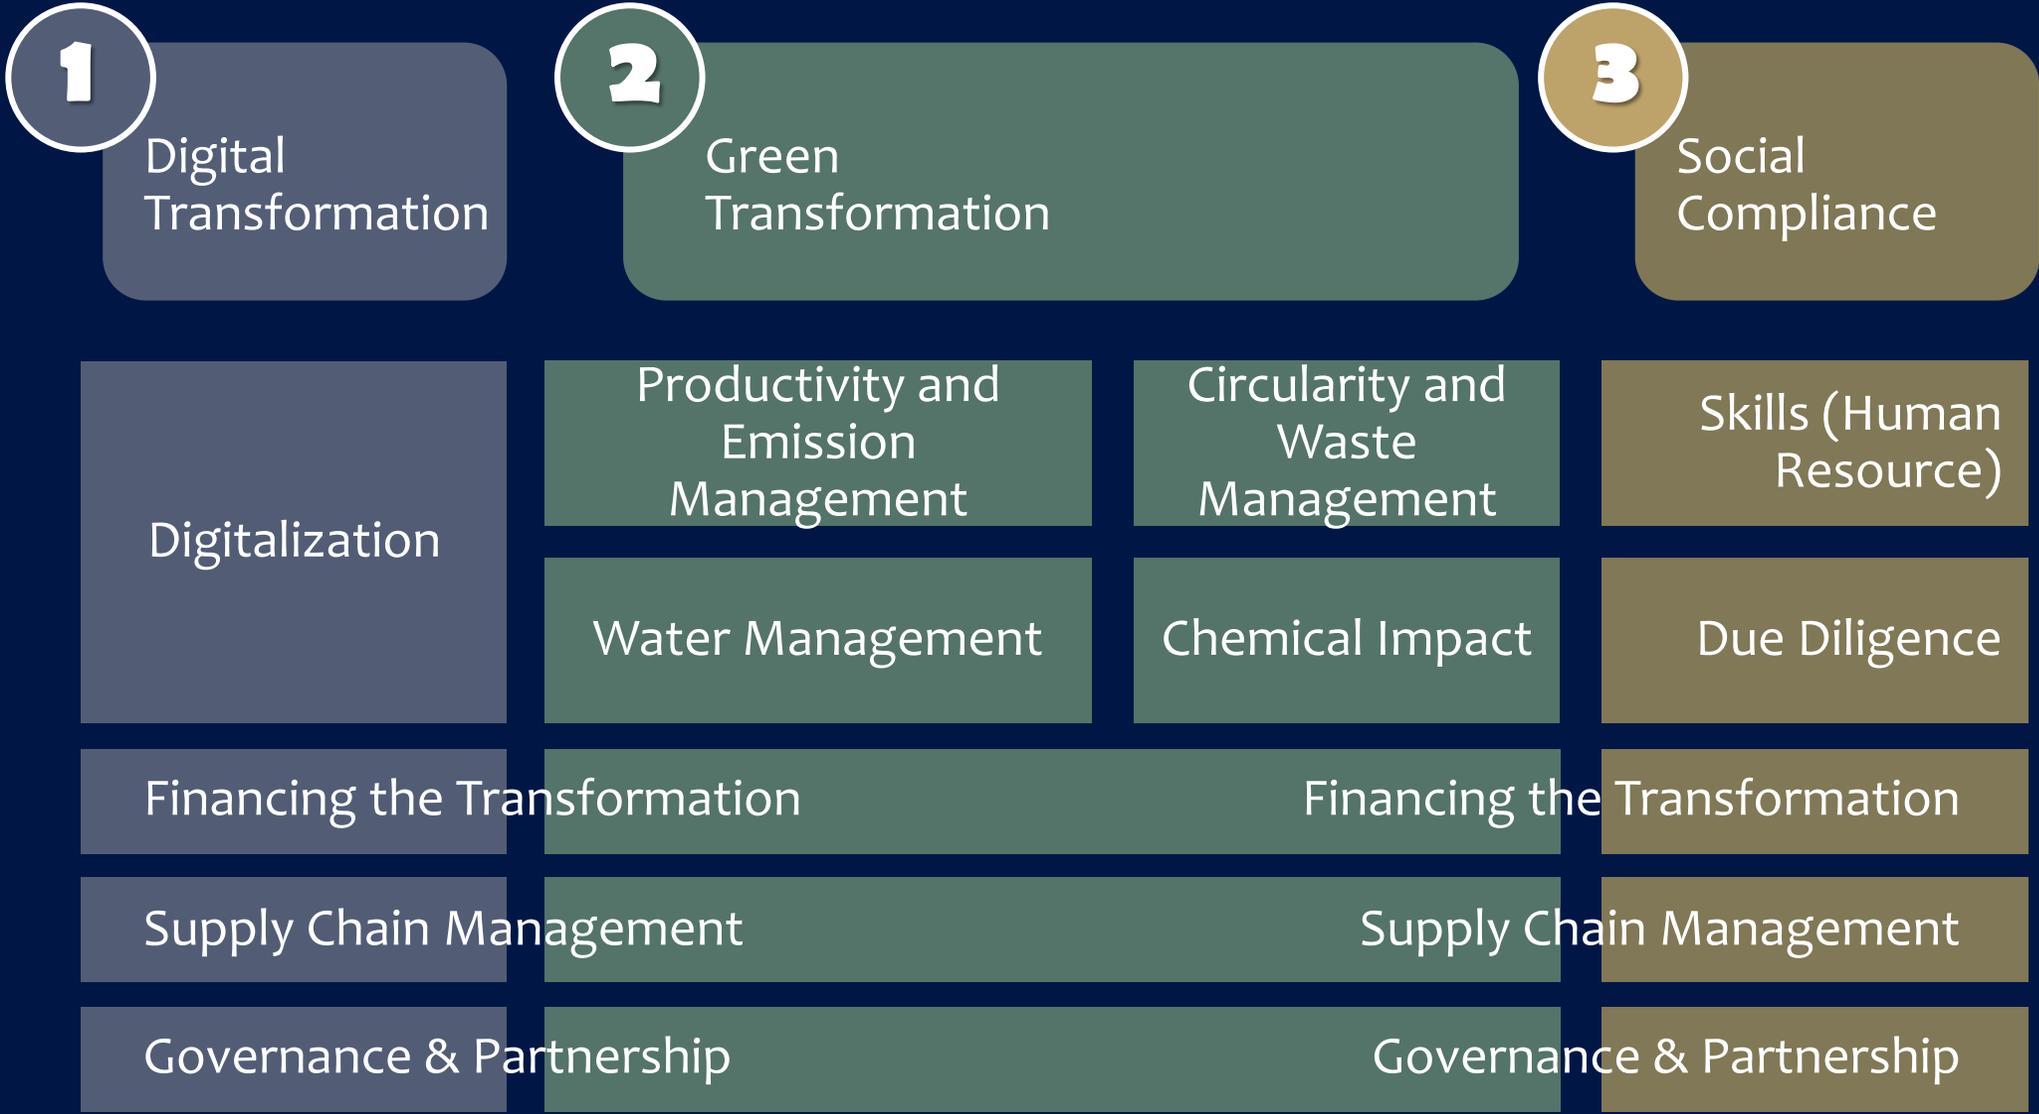

Having at least one up to valid compliance certificate

Regarding UN Sustainable Development Goals: highest contribution is on «Responsible Production and Consumption» and «Decent Work and Economic Growth»

Leading problem on traceability: collecting data through the chain

Duality between newly increasing sustainability demands of international brands and no reflexion of these demands on purchasing practices
