ZDHC Brands to Zero

ZDHC Implementation

All units in chemical scope within textile and leather are implementing ZDHC programs.

ZDHC MRSL Compliance %

- **Safe products and value chain:** removing most harmful chemicals beyond compliance of MRSL/RSL
- **Expanding the scope:** beyond textile and beyond fabric production
- **Minimizing impact:** resource efficiency and using chemicals to reduce impact

A photograph of three people standing on a dark, rocky mountain peak under a clear blue sky. One person is in the background wearing a white puffer jacket and light blue pants. Another person is in the middle ground wearing a bright orange puffer jacket and pants. A third person is in the foreground wearing a blue and black patterned puffer jacket and blue jeans. The text 'Looking ahead beyond compliance' is overlaid in white on the right side of the image.
